## EDUCATION

### **BINUS University**

Bekasi, Indonesia

*Bachelor of Computer Science - Software Engineering*

*September 2023 - Present*

**Relevant Coursework:** Data Structures, Database Technology, Software Engineering, Object-Oriented Programming, Web Programming, Human-Computer Interaction, Artificial Intelligence

## WORK EXPERIENCE

### **School of Computer Science, BINUS University**

Jakarta, Indonesia

*IT Developer (Frontend Developer) – Enrichment Program*

*February 2026 – Present*

- Developed 'Space Academy', an interactive gamified web platform introducing Software Engineering concepts to prospective students.
- Built responsive, high-performance UI using React, TypeScript, Vite, and Tailwind CSS, integrating Three.js for interactive 3D visual assets.
- Implemented centralized state management with Zustand and collaborated across functional teams with UI/UX designers and backend developers.

## PROJECTS

### **SafeKota – Citizen Reporting & Public Safety Web (SDG 11)**

2024

*Frontend Developer (HTML, CSS, JavaScript, Digital Maps API)*

- Built a civic reporting web application enabling citizens to report infrastructure hazards and track community safety issues in real-time.

### **Absence Alert – Automated Attendance System with Computer Vision**

December 2024 – January 2025

*Computer Vision & AI Developer (Python, OpenCV, Machine Learning)*

- Engineered an automated classroom attendance monitoring system leveraging computer vision to detect students and generate presence analytics.

### **Deteksi Skizofrenia – Machine Learning Screening Platform**

2024

*Machine Learning Developer (Python, Streamlit, Scikit-Learn)*

- Developed a web-based early risk screening tool that processes symptom inputs through machine learning models to display instant probabilities.

## ORGANIZATIONAL EXPERIENCE

### **UKM Binus Bola Voli, BINUS University**

August 2024 – September 2024

*Staff Member & Event Coordinator*

- Coordinated tournament participants, served as match referee, and managed event registration booth.

### **Student Support Office, BINUS Bekasi**

2024

*Staff Liaison Officer (LO) & Master of Ceremony (MC)*

- Hosted and facilitated campus orientation activities for incoming freshmen; coordinated rundown logistics and speaker communications.

## CERTIFICATIONS

- HackerRank: Python (Basic) Certificate (CERT005529) & Java (Basic) Skills Certificate (CERT005794)
- Dicoding Indonesia: Memulai Pemrograman Dengan C (CERT900017)
- Google Skillshop: YouTube Music Rights Management Certification (CERT001569)

## ADDITIONAL

**Technical Skills:** JavaScript, TypeScript, Python, C, C++, Java, React, Next.js, Tailwind CSS, Three.js, Zustand, OpenCV, SQL, Git, Figma

**Languages:** Fluent in English, Native in Indonesian
